

TREATCHEM

Health and Safety Policy

Treatchem Ltd is committed to the integration of health, safety and welfare concerns of all its employees throughout all of its activities. We recognise that excellence in health and safety directly enhances individual and Company performance and contributes to overall Company success.

Management recognises European and national legislation, with regard to occupational health and safety, and regards this as the minimum standard acceptable, whilst striving to exceed this wherever possible.

The Company also recognises that it has responsibility for the health and safety of its employees whether on Company premises or undertaking Company business elsewhere. This duty of care extends to non-employees visiting or working on Company premises. The Company realises that it has a responsibility to the general public and will endeavour to conduct its business in such a manner as to ensure minimum risk at all times.
